“ZENTREE” – USB Charger Station

Smart and flexible solution to dock and charge multiple mobile devices

HONG KONG, 13 April 2016

Thermal Solutions specialist *GELID Solutions* unveils the *ZENTREE* – a revolutionary USB charger station which supports smart and flexible charging of multiple mobile devices.

The engineers at *GELID Solutions* have stepped out of their usual product line-up to create an outstanding mobile device charger. The *ZENTREE* features carefully designed top surface with a soft silicone rubber 3-dimensional pin array. The array of pins was specifically crafted to dock multiple devices of varying sizes with ease and convenience. The *ZENTREE* also integrates a smart IC chip which automatically negotiates the best charging current and prevents over-charging after battery's 100% charged. The *ZENTREE* is fully compatible to the latest USB charging standards. It provides 4 USB power ports with a current output of 2.4A max per port and a total power output of 48W max. The *ZENTREE* also provides a port-specific protection system for the safety of your device which includes surge protection, short-circuit protection and over-temperature protection. And especially, the *ZENTREE* is made of selected eco-friendly materials. It is backed with a power-efficient and high-grade component circuitry to ensure the best quality you can get.

The *ZENTREE* is designed to work with any USB charged device. It's been fully tested with Apple™ mobile and tablet devices, various Android™ mobile phones and tablets, Pebble™ watches, Bluetooth™ headsets, portable power banks, GPS trackers and even bike lights.

The *ZENTREE* conforms to FCC, CE-LVD, CE-EMC, DOE VI and carries a 2-year warranty.

“The ZENTREE features a revolutionary design concept, you can charge any mobile device and dock it in any way you want. Speaking the famous words of Neil Armstrong, ZENTREE is one small step for the market, but one giant leap for multi-device charging”, said Gebhard Scherrer, Sales Director of GELID Solutions Ltd.

The *ZENTREE* is available now and has a MSRP of USD 49.90 or Euro 45.90.
